
State Water Resources Control Board

TO: Craig Wilson, Delta Watermaster

FROM: John Collins, Staff ES, Delta Watermaster

DATE: March 4, 2013

SUBJECT: INFORMATION FOR RECLAMATION DISTRICT 2040, VICTORIA ISLAND LOCATED IN THE CENTRAL DELTA REGION OF SAN JOAQUIN COUNTY

Reclamation District 2040, Victoria Island is located in the Central Delta Region of San Joaquin County. Victoria Island is owned and managed by Victoria Island Limited Partnership.

Statement Information:

Victoria Island consists of two parcels with a total acreage of approximately 6,933 acres of irrigated agricultural land. Victoria Island LP has filed a total of forty-three Statements with the claim of riparian and pre-1914 water rights for all parcels which includes the beneficial use of water from Old River, Middle River, Victoria Canal, and North Victoria Canal.

These forty three Statements represent forty three single points of diversion which have the potential to serve the two parcels. All Statement information filed has been accepted by the State Board's Division of Water Rights. The Victoria Island LP case file is up to date and the file is complete.

The Statement information described in this memo was provided from information filed by the owners of Victoria Island LP.
